Draw conditions

Draw conditions apply for “competition-related reasons”, “prohibited team clashes”, “winter venue restrictions” and “excessive travel restrictions”. When such a situation occurs or is anticipated to occur, the computer used to assist with the draw will indicate the group available for the drawn team.

It must be noted that the number of options available to a team depends not only on the team’s own attributes (for example, “winter venue”) and those of the teams already drawn, but also on the attributes of the other teams still to be drawn. Therefore the computer calculations need to anticipate all possible scenarios and to prevent any deadlock situation.

Competition-related reasons

The four UEFA Nations League finalist teams play the two final matches of this competition in June 2019. As a consequence, these teams have only eight match days available for European Qualifiers group stage matches and must be allocated to groups of five teams.

The following draw condition applies:

- **The 4 teams participating in the UEFA Nations League Finals 2019 are drawn into the first four groups with 5 teams (Groups A-D).**

In order to allow all twelve UEFA EURO 2020 host association teams to have a chance of qualifying as group winner or group runner-up, a maximum of two such teams can be drawn into the same group.

The following draw condition applies:

- **If one UEFA EURO 2020 host association team is or could be drawn into a group which already contains two such teams, the team drawn is placed in the first available group in alphabetical order as indicated by the computer.**

Prohibited team clashes

Based on the UEFA Executive Committee decisions valid at the time of the draw, the following teams cannot be drawn into the same group:

- Gibraltar / Spain
- Kosovo / Bosnia-Herzegovina
- Kosovo / Serbia

The following draw condition applies:

- **If a clash occurs or could occur, the team drawn is placed in the first available group in alphabetical order as indicated by the computer.**

Note: given the seeding pots, the following teams cannot be drawn into the same group and have therefore not been listed above:

- Armenia / Azerbaijan
- Ukraine / Russia

Winter venue restrictions

A number of countries have been identified as venues with high or medium risk of severe winter conditions. In order to minimise the risks of matches being negatively affected or even not being completed or played, a maximum of two such countries can be drawn into the same group:

Belarus
Estonia
Faroe Islands
Finland
Iceland
Latvia
Lithuania
Norway
Russia
Ukraine

The following draw condition applies:

- **If a team is or could be drawn into a group which already contains two such teams, that team is placed in the first available group in alphabetical order as indicated by the computer.**

Excessive travel restrictions

A number of countries have been identified with excessive travel distance in relation to other countries. In order to minimise the teams' travel burden, a maximum of one such pair can be drawn into the same group. The following table shows the restrictions, applicable both ways:

From/To	To/From
Andorra (Barcelona, ESP)	Kazakhstan (Astana)
England (London)	
France (Paris)	
Iceland (Reykjavik)	
Malta (Valletta)	
Northern Ireland (Belfast)	
Portugal (Lisbon)	
Republic of Ireland (Dublin)	
Scotland (Edinburgh)	
Spain (Madrid)	
Wales (Cardiff)	

From/To	To/From
Iceland (Reykjavik)	Azerbaijan (Baku)
Portugal (Lisbon)	
Armenia (Yerevan)	Iceland (Reykjavik)
Cyprus (Larnaca)	
Georgia (Tbilissi)	
Israel (Tel Aviv)	

The following draw condition applies:

- **If a team is or could be drawn into a group which already contains two such teams, that team is placed in the first available group in alphabetical order as indicated by the computer.**

Note: given the seeding pots, the following excessive travel restrictions which were identified will not apply and have therefore not been listed:

- Kazakhstan / Faroe Islands
- Kazakhstan / Gibraltar
- Azerbaijan / Gibraltar

Draw procedure

- The draw starts with the UNL Pot and Pot 1 and then continues from Pot 2 to Pot 6. Each pot is emptied entirely before proceeding to the next pot.
- As a rule and for each pot, the teams drawn are allocated in alphabetical order from group A to group J. When a draw condition applies or is anticipated to apply, the team drawn is allocated to the first available group, namely:
 - In UNL Pot, the four UEFA Nations League finalist teams will be allocated in the order as they are drawn to the groups A, B, C and D. In Pot 1, the teams will be allocated in the order as they are drawn to the groups E to J.
 - UEFA EURO 2020 host association teams: if a team is drawn, but cannot be allocated to a given group because that group already contains two hosts, that team is allocated to the first available group in alphabetical order.
- Since Pot 6 only contains 5 teams, these teams are drawn into the sixth positions in groups F to J.
